MIPA BUMPER PAINT

Code: **MSBPB**

\$26.25 + GST

Was \$35.02 +GST

Mipa Bumper Paint is a one-component textured coating to repair bumpers, trim strips, exterior mirrors etc. and to paint commonly used plastic substrates in the automotive industry. Direct adhesion to cleaned and sanded plastic parts made of ABS, ABS-PC, PP-EPDM, PUR-RIM, PUR, hard PVC. Fast drying and easy application as well as good weather resistance are the characteristics of this product. Temperature-resistant up to 70 °C.

WATER BLADE 310MM

Code: **WB105**

\$13.95 + GST

Was \$19.95 +GST

With just one stroke you can dry your vehicle with this water blade allowing for quick spot-free drying. A large 310mm blade makes this ezidry squeegee suitable for use on vans and trucks.

This is a product designed for the professional to remove water from glass and painted surfaces with a single blow. The flexible silicone blade conforms to body panels and water is removed in one direction to dry your vehicle faster and easier than ever imagined.

SURFACE P-12 XTRA HEAVY CUTTING COMPOUND

Code: **S71301** **\$69 + GST**

P-12 Xtra Heavy Cut Compound with unique DRA™ (Dynamic Response Abrasion) technology incorporating micro-precision oxides quickly and easily removes paintwork and gelcoat imperfections, random deep scratches, and heavy oxidation in the shortest possible time to enable the end user to deliver a unique depth of gloss and mirror like finish. Recommended for harder clear-coats. P-12 XTRA benefits from an enhanced lubrication system which can be worked for prolonged periods without drying out.
